

Gregory Skufca

Director of Polysilicon Expansions

Hemlock Semiconductor Corporation & Hemlock Semiconductor, L.L.C.

Primary Responsibilities

- ❖ Overall management, planning and successful execution of all polysilicon expansion activities.

Experience and Expertise

Gregory Skufca began his career with Dow Corning in Midland, Michigan immediately following his graduation from Ohio State University in 1984. In 1985, he moved to Hemlock Semiconductor Corporation as a Manufacturing Engineer and soon became a Plant Engineer then Team Leader within the Production area. Greg moved back to Dow Corning in 1995 to become a Supply Chain Leader for the Trichlor unit. In 1998, he was named Supply Chain Leader for the Organofunctional function within the Core Products Business. He later assumed the role of Manufacturing Supply Chain Leader for both the Trichlor and Organofunctional supply chains. Greg returned back to Hemlock Semiconductor Corporation in 2004 as Site Manager and was named to his current roles in early 2008.

Education

- ❖ Bachelor of Science in Chemical Engineering, Ohio State University

Community Involvement

- ❖ Active participant in United Way activities including, leading the “Day of Caring” events on behalf of Dow Corning.
- ❖ Served on the United Way Allocations Committees.
- ❖ Currently serves as Co-Chair for the Dow Corning United Way Campaign.
- ❖ Currently serves as a Big Brother volunteer for Big Brothers/Little Brothers.
- ❖ Member of the MiTech+ Board. Advocates for industry needs within skilled and technical careers.
- ❖ Four-year member of the Midland Work Force Development Board.
- ❖ Four-year member representing the private sector on the Bay and Saginaw Work Force Development Consortium.

Guiding Principle

“I believe in providing tools for employees that will assist them in developing towards their full potential. Successful leaders surround themselves with great people, eliminate all barriers, and then inspire them to reach their highest potential.”

About Hemlock Semiconductor Corporation and Hemlock Semiconductor, L.L.C.

Hemlock Semiconductor Corporation and Hemlock Semiconductor, L.L.C. are joint ventures of Dow Corning Corporation, Shin-Etsu Handotai and Mitsubishi Materials Corporation. Hemlock Semiconductor Corporation is a leading provider of polycrystalline silicon and other silicon based products used in the manufacturing of semiconductor devices and solar cells and modules. Hemlock Semiconductor Corporation began its Michigan Operations in 1961 and Hemlock Semiconductor, L.L.C. broke ground at its Tennessee location in 2009.
