

**SENIOR VICE PRESIDENT  
OF MANUFACTURING**

**ANDY L.  
AULT**

**PRIMARY RESPONSIBILITIES**

Andy is responsible for Hemlock Semiconductor’s environment, health, safety, and security operations and is a member of the Operational Leadership Team (OLT).

**EXPERIENCE & EXPERTISE**

Andy has almost 30 years of experience manufacturing abroad and in the U.S. He was named Hemlock Semiconductor’s Environment, Health, Safety and Security Operations manager in 2014 and Vice President of Manufacturing in 2019. He came to Hemlock Semiconductor from Dow Corning in 2006 and has held manufacturing leadership positions on improving safety, productivity, reliability, and asset utilization while developing strong teams. In addition, he played key roles in multiple major expansions at the Hemlock site.

Andy started his career at Dow Corning’s Carrollton site in process engineering and manufacturing technical and leadership roles and later served as a program manager in Dow Corning’s Enterprise Portfolio Management Office. He is a Certified Associate Safety Professional (ASP) and a Six Sigma Black Belt.

Andy is active in the community and serves as President of the Board of Directors for the Midland County Emergency Food Pantry Network, Financial Secretary of his church, and volunteers for a variety of organizations in the Great Lakes Bay Region.

**EDUCATION**

- **Bachelor of Science in Chemical Engineering** — Purdue University
- **Six Sigma Blackbelt**
- **Certified Associate Safety Professional (ASP)**

**ABOUT HEMLOCK  
SEMICONDUCTOR**

   @hscpoly | hscpoly.com

At Hemlock Semiconductor (HSC), we transform people’s lives by connecting and energizing our world through silicon technology. Since our operations began in 1961, we continue to display our passion for silicon-based technology – its versatility, its possibilities and its unique potential to improve the world we share.
