

George Mesrey

General Counsel

Primary Responsibilities

As the chief legal officer at HSC, George leads the legal, governance, ethics & compliance, and document management functions.

Experience & Expertise

George began his career as a prosecuting attorney with the National Labor Relations Board in Detroit. He then entered private practice as an associate, then partner at the Detroit office of Clark Hill PLC. In 2002, George joined The Dow Chemical Company and held various roles in labor and commercial law. In 2012, George moved to Dow's Houston office and was named managing counsel for Dow's Feedstocks, Energy and Hydrocarbons businesses. In 2015, he added responsibility as general counsel and corporate secretary of Univation Technologies, LLC, a Houston-based Dow subsidiary that is a global leader in licensing polyethylene manufacturing technology and catalysts.

George has a passion for mentoring and people leadership/development and currently serves on the Board of Directors for the Temple Arts, which includes the Temple Theatre and the Saginaw Art Museum.

Education

- **Juris Doctor** — University of Detroit
- **B.A. in Political Science** — Michigan State University

Hemlock Semiconductor Operations (HSC) is a leading provider of hyper-pure polycrystalline silicon and other silicon-based products used in the manufacture of semiconductor devices, solar cells and modules. At HSC, we're passionate about silicon-based technology and its unique potential to connect and energize the world we share. HSC's polysilicon enables customers to produce high-tech electronics and solar energy, and our efficient manufacturing process delivers products with an ultra low-carbon footprint. HSC began operations in 1961 and is owned by Corning Incorporated and Shin-Etsu Handotai.
